SHERBROOKE HOCKEY SEVEN WON FROM MCGILL IN FINAL EXHIBITION STRUGGLE

Sherbrooke Secured the Lead at the Start and were Never Headed

FORMAN AND THOMPSON SEVERELY INJURED

Game was Clean Notwithstanding Injuries to McGill Players

The McGill hockey team journeyed to Sherbrooke on Saturday where they went down to defeat before the Interprovincial team of that City, the final count being six to four. Owing to the non-appearance of the manager at the appointed hour transportation was not forthcoming, and the McGill players, instead of catching the morning train, were forced to take one which arrived at Sherbrooke shortly before the time at which the fracas was scheduled to begin. This did not tend to improve the already poor condition of the team which had not been out to practice since the Queens game some weeks ago, and as a consequence, went into the game under a heavy handicap. A crowd of some five hundred enthusiasts, many of whom were McGill graduates, witnessed the contest and as is usual when playing before a strange crowd Ramsay Rankin, McGill's gargantuan captain was the centre of attraction; and his efforts were always greeted with loud applause from the spectators.

Play began at about nine o'clock, both teams cutting out a fast pace. Sherbrooke broke into the score column first after about five minutes of end-to-end hockey, and followed with another in short order. McGill forced the play for the next few minutes, and succeeded in beating the opposing defence on a nice piece of stickhandling by Thompson.

At this juncture, Forman received a gash from the stick of an opponent, and retired for repairs. Sutherland replaced him. Shortly after this Alan Thompson collided with

the nets, being cut severely about the forehead. However, after a short rest he was able to resume. Sherbrooke now rushed matters and before half time succeeded in tallying twice, while McGill was able to count once. The score at the interval was four to two.

The second half saw the best hockey of the evening. At the outset the Red and White came back strong and for a time it looked as if they might overcome the lead of the Eastern Township athletes. However, the best they could do was to tally once while the rally lasted. Thompson met with another accident at this stage, receiving a deep gash in his upper lip, which required several stitches. He was replaced by Wickson. From this on Sherbrooke came strong and before the final gong sounded, beat Montgomery twice, while McGill annexed another, the final score standing six to four.

Although there were several injuries throughout the game, it was surprisingly clean, very few penalties being meted out. Doctor Hume, a McGill graduate, was on hand and administered to the injured athletes in the most approved fashion. The teams lined up as follows:

Sherbrooke — McGill
Arguingoal ... Montgomery.
Wigertpoint ... Hughes
Sprigginscover ... Rankin
Attorover ... Ryley
Bakercentre ... *Thompson
McGuirer. wing ... *Forman.
Lanel. wing ... Fawcett
* Replaced by Sutherland.
** Replaced by Wickson.

THE UNDERGRADUATES ORCHESTRA PLEASES STUDENTS OF MACDONALD COLLEGE

High Class Repertoire of Music Rendered at Second Annual Concert

THE FINAL CONCERT TAKES PLACE WEDNESDAY

The only event of importance at Macdonald College since the "Slide Rule Slips" succeeded in vanquishing the Macdonald College hockey team a short time ago, was the Orchestra Concert on Saturday night last.

An audience of more than five hundred people, students and visitors to the College, listened with rapt attention to the programme of music, vocal and instrumental, supplied by the Undergraduate Orchestra of McGill, assisted by Miss Beatrice Fraser, contralto, and the McGill Mandolin Club.

Every number on the programme met with most sincere applause. By request, Humoreske was played as an encore in the second part of the programme. Special notice must be taken of the way in which Miss Beatrice Fraser sang. To those who occasionally hear her at Erskine church Miss Fraser's voice makes a very strong appeal. Sung in her usual "manière brillante," Miss Fraser's solos completely satisfied her audience on Saturday night. Not to speak of the highly creditable way in which the Orchestra, under the leadership of Mr. Lennie, rendered "Light Cavalry," "Morning, Noon and Night in Vienna," "Humoreske" and the "Prince of Pilsen," especially pleasing was the way in which the "Misere" from Il Trovatore, with cornet and trombone duet, was played.

The two special numbers by the String Quartette and the brass nonet were most heartily encored. The McGill Mandolin also acquitted itself in a most gratifying manner on this, the occasion of its first appearance this season.

The trip home was a thing to be remembered. The Orchestra took complete possession of one of the cars, and played ragtime music all the way to town. A tired, but well-satisfied bunch of amateur musicians alighted at Bonaventure station very shortly after eleven, thoroughly content with the way in which they had entertained the students at St. Anne and quite confident of the success of their final concert, which is to take place on Wednesday night in the Royal Victoria College.

Besides the numbers on the program announced in last Thursday's Daily, Mr. Yves Lamontagne, well-known in College circles on account of his singular musical ability, will render a cello solo.

The successes which have crowned the efforts of the Orchestra on the occasions of the recent Senior Play, and the Second Annual Concert at Macdonald College should certainly insure a capacity house on Wednesday night.

Tickets for the City concert may be secured at 50c. from members of the Orchestra, or at the Union.

THREE NOMINATIONS FOR THE PRESIDENCY OF COUNCIL

The Secretary of the Student's Council has received nomination papers for three men for the presidency of the Council. They are Messrs. S. H. Dixon, F. Common and H. Dugan; nomination papers for the latter gentleman, however, were handed in against his express wish and will undoubtedly be withdrawn, as he does not wish to run for the office for personal reasons.

Mr. Dixon is now in his second

year in law, and is a B.A. of this University. He has had considerable executive experience, and was business manager of the 1911 Annual. In addition to this, he has served on numerous committees during his college course, and is thoroughly familiar with college conditions.

Mr. Common is also well known. He is at present in fourth year Arts and was recently appointed assistant secretary at Strathcona Hall. He was a strong candidate for the Rhodes Scholarship and has always been prominent in the field of undergraduate activities.

The contest between Mr. Dixon and Mr. Common promises to be a close

Editorials

We have already referred in these columns to the apathy and lack of interest shown by the students to the meetings of the McGill Canadian Club. It is sincerely to be hoped that they will retrieve themselves today by attending the meeting which will be addressed by Mr. F. H. Clergue. If they do not, the Executive will have to seriously consider the advisability of discontinuing the Club. Notwithstanding the efforts of the Committee, the students have not shown so far enough interest in the Club to make it worth while keeping it up. It entails a considerable sacrifice of time on the part of a man who is in town for a few hours only to come and address the students of McGill, and it is most disheartening, both for them and for the members of the Executive, to see their efforts crowned with so little success. We feel sure, however, that there is room at McGill for an organization like the Canadian Club, and that the students will show their appreciation of the endeavours of the Executive by attending this afternoon's meeting.

Much is to be regretted is the fact that the McGill faculty so often loses valuable men as soon as they have made evident their worth to the University community. On more than one occasion, men of prominence have left to take up lecturing at other centres of learning. At the present time, the Department of History is on the verge of losing a brilliant lecturer. Notwithstanding the fact that the offer of a very tempting position at Dalhousie has been made him, we sincerely hope that the result of the petition that has been handed to Principal Peterson, will suffice to retain Professor Todd's services for some time to come.

Notices have been posted calling for nominations for the presidency of the Union. As this position is one which entails a place at the Council board, we hope that a very strong man will be selected for the presidency.

The President of the Union is able to devote considerable time to Council affairs, in view of the fact that the Vice-President of the Club acts as chairman at all house committee meetings, and is virtually the head of the Union as far as the executive work connected with that institution. As far as the Council is concerned this is a good thing.

It is becoming more and more apparent as time goes on, that the men who represent the undergraduates in Council positions should not be burdened down with other duties in connection with student activities. The amendment now before the student body with regard to the Science representatives, is an excellent one, and we hope that further steps in the same direction will be taken in the near future with regard to the other representatives.

In the meantime, let us elect as president of the Union a man whose abilities will enable him to be of the greatest possible use to the undergraduate executive council.

PETITION SET ON FOOT TO HAVE PROF. TODD RECONSIDER JUNIOR BASKETBALLERS WIN AT MACDONALD COLLEGE

History Students have Hand-
ed Petition to Principal
Peterson

Many students will feel gratified to learn that a movement has been set on foot to have Professor Todd reconsider his decision to leave McGill for Dalhousie. Inspired by a truly commendable sense of appreciation, Mr. E. F. L. Henson has headed a petition which has been signed by all the History students of the third and fourth years. This petition has been handed to Principal Peterson.

It is believed that Professor Todd might be led to reconsider his decision if he were offered an associate professorship. Prof. Todd, as a lecturer, has met with the singular approval of all those who have been privileged to take his courses. Outside the classroom, he has won his way in to the hearts of all who have been fortunate enough to make his acquaintance. It would seem a pity that Prof. Todd should be leaving so soon after having come to McGill.

one, as both men have had considerable experience, and are both personally popular with their fellow students.

Were Victorious in a Close
Fast Game on Saturday

Last Saturday the Junior Basketball team added another victory to their list when they defeated the Macdonald College team by the score of 29-27.

In the first half McGill, by dint of some clever combination work, kept the green and white team guessing and piled up a score of 22 to 10 before the latter could get their bearings. However, things went differently towards the close of the fray. Macdonald put some real ginger into their play and managed to score 17 to McGill's 7, making the final score 29-27.

This game was one of the cleanest and fastest junior exhibitions that have taken place so far. There was not a dull moment throughout, the interest of the spectators being kept up to the end. Macdonald certainly have one of the snappiest teams in the league, and their play shows that they must have put in many hours of hard practice.

The line up was as follows:
Macdonald McGill
Fraser Forward Parsons
Hodge " Ord
Smith Centre Perrault
Darling Defence Seath
Oswald " Whittaker.

RECOMMEND SHUTTING DOWN ON SOCCER AND ENGLISH RUGBY CLUBS

Students Council Advise their Successors to Take Steps of
this Nature

At a meeting of the Student's Council on Saturday, the financial condition of that body was discussed at some length, and recommendations for next year's Council in regard to instituting economies were adopted.

These recommendations affect the English Rugby and Association football. In connection with the former club the Council recommend that the team be not allowed to take out of town trips unless the guarantees are sufficient to cover all expenses.

The Council also recommended that next year's executive should refuse to pay out money to the Soccer Club, as that Club never makes any return. It must be remembered that above are only suggested changes, and that in the case of the Soccer Club anyway will have to be voted on by the undergraduates.

RECEPTION AND PLAY TWO FEATURES OF CONVOCATION WEEK

Class Day Exercises to be
Held on Campus if Weather
Permits

The committee in charge of the Graduation Exercises this year is very desirous that Convocation Week shall be a great success, and for this reason it has started early to make preparations, draw up plans, etc., so that the Seniors in all the Faculties will have an opportunity to know what will take place. The Committee is anxious to work up interest in these events. As announced before, it is hoped that an Inter-Faculty baseball game will be held.

Arrangements are being made now to hold a big Smoker for the men of all faculties in the Union on May 7th. Considerable amount of talent is available and as this is the only occasion with which the men will be able to gather by themselves socially, it is expected that it will be a great success.

Other features will include the Class Day Exercises which following the lead of the Class of 1912, if the weather permits will be held on the campus. This will include the Class Oration, the Class Poem, and the Class History. After this a large reception will be held in the Union at which tea will be served.

In the evening, the Valedictory addresses will be delivered in the R.V.C. hall. A musical programme will be provided.

Following the Valedictories, it is hoped that a short one-act play will be produced by some of the Seniors. A skit of this nature was played last year at the Closing Exercises, and proved very amusing.

After the play it is thought that a short informal dance may be held, details of which will be announced later. To cover the expense of these undertakings, the Committee has found it necessary to call for a subscription from each man in the year of \$1.50. A levy has been raised every year from the graduating class and the amount this year is no greater than before. The programme (subject to change) is as follows:

May 7—Smoker.
May 9—Convocation Dance, in the R.V.C. Hall.
May 10—Inter Faculty Baseball Game; Arts and Law vs. Science.
May 12, (afternoon)—Class Day (on Campus if weather permits).
Tea at the Union.

(Evening)—Valedictories. One-act Play. Informal Dance.
May 23 (afternoon)—Convocation. Conferring of Degrees.

(Evening)—Class Dinners in all the Faculties.

Pennsylvania.—Next season's football coach will be none other than Geo. H. Brooke, an old Pennsylvania player, his contract reads for three years.

Father (mangling the turkey) What will you have, son, light or dark?
Son (absently)—Thanks, but I'm on the wagon.—Cornell Widow.

First Artist—What shall I call thising a poor last soul.
Second Artist—How does "Just one damned thing after another" strike you? — Purple Cow.

I'd like to be the cigarette
In some fair damsel's hand,
For every time she took a puff,
Um—m—m you understand.
—Cornell Widow.

FIRST ANNUAL DINNER OF THE E. T. CLUB WAS A GREAT SUCCESS

Large Number Gathered to
Partake of Bounteous
Repast

Considering the time of the year and the small number of members in the University, the First Annual Dinner of the Eastern Townships Club was an unqualified success.

Some thirty men were present, and as there are only about fifty or so in the University, the result was most gratifying.

The Grill Room was nicely arranged, and Mr. Show put on a dinner that was thoroughly enjoyed.

After the remains had been cleared away, President Honey arose and made a short address. He outlined the objects and purposes of the Club and congratulated the members on the splendid turnout.

Dr. Colby, professor of history, then spoke on the Historical Aspects of the Eastern Townships, and kept his hearers interested the whole way through with many tales of the doings of the early settlers between the St. Francis and the Michellien.

Mr. E. W. Farwell, the President of the Associated Boards of Trade of the Townships, then addressed a few words on the Commercial Aspects of the Townships. He asked that every man try his best to keep in touch with and help along, the trade and business of their respective Townships.

Mr. Hale, who is well known on account of his Northfield work, then rendered a solo and was heartily applauded.

Charles McBarney, B.A., B.C.L., Principal of the Lachute Academy, was called to speak on the Educational Aspects, and deplored the present existing state of low salaries for teachers. This, he felt sure, could be remedied by concentrated action on the part of some of those present.

John Hackett, who is secretary to the Minister of Justice, was then called upon for a few words, and spoke of many reminiscences of life in the Eastern Townships.

After the National Anthem and "Come Fill Your Glasses Up" had been sung, the gathering dispersed after having thoroughly enjoyed a most pleasant evening.

Visitor—Have you only one under-taker in this burg?

Old Timer—Yes, the stiff competition drove the others out.—Chaparral

NOTICE OF AMENDMENT TO THE COUNCILS CONSTITUTION

Proposed Changes Posted in
the Union

It will be remembered that at the special meeting of the Student's Society held last month, notice of an amendment to the constitution of the above mentioned Society was given by Mr. Huggessen. The same notice of amendment to the constitution has been posted in the Union, and is as follows:

Notice is hereby given that at the Semi-Annual meeting of the Students Society to be held on Wednesday, March 19th next, the following amendment to the Constitution of the Society will be moved by Mr. Huggessen, seconded by Mr. Dixon.

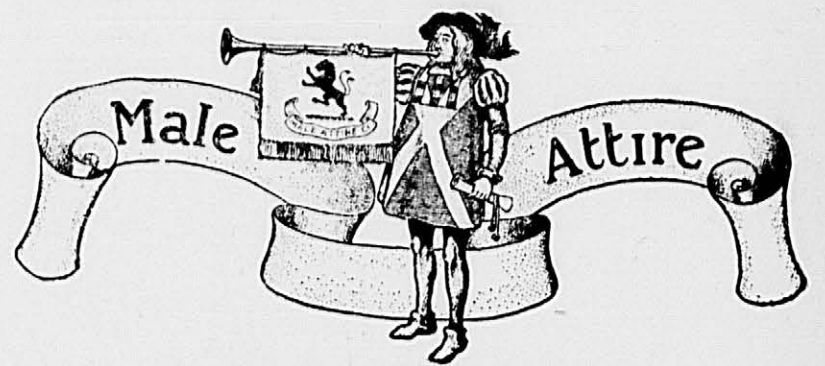

To change Article V, Section (2), to read as follows:

ARTICLE V.
EXECUTIVE COUNCIL
(2) This Executive Council shall be composed of ten members, as follows:

(a) The President of the Student's Society, who shall be chairman.
(b) The President of the Union.
(c) The four Presidents of the Football, Hockey and Track Clubs and of the Athletic Association.

The above members shall serve for one year from the 1st of July, following their election.

(d) One representative from each of the four faculties, who shall be elected by the students of each faculty from the junior class thereof, between November 20th and December 10th, in each year. Nominations from each faculty, signed by at least ten students of that faculty, shall be presented to the Secretary at least

SYNOPSIS OF DOMINION LAND REGULATIONS

ANY person who is the sole head of a family or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions by father, mother, son, daughter, brother or sister of in-coming homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section along his homestead. Price \$3.00 per acre.

Duties.—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$100 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

ROYAL MILITARY COLLEGE

There are few national institutions of more value and interest to the country than the Royal Military College of Canada. Notwithstanding this, its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government institution designed primarily for the purpose of giving instruction in all branches of military science to officers and Cadets of the Canadian Militia. In fact it corresponds to Woolwich and Sandhurst.

The Commandant and Military instructors are all officers on the active list of the Imperial army, lent for the purpose, and there is in addition a complete staff of professors for the civil subjects which form such an important part of the College course. Medical attendance is also provided.

Whilst the College is organized on a strictly military basis the cadets receive practical and scientific training in subjects essential to a sound modern education.

The course includes a thorough grounding in Mathematics, Civil Engineering, Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features of the course, and, in addition, the constant practice of gymnastics, drills and outdoor exercises of all kinds, ensures health and excellent physical condition.

Commissions in all branches of the Imperial service and Canadian Permanent force are offered annually.

The diploma of graduates is considered by the authorities conducting the examinations for Dominion Land Surveyor to be equivalent to a university degree, and by the regulations of the Law Society of Ontario, it obtains the same exemptions as a B.A. degree.

The length of the course is three years, in three terms of 9 months each.

The total cost of the course, including board, uniform, instructional material, and all extras, is about \$800.

The annual competitive examination for admission to the College, takes place in May of each year, at the headquarters of the several military districts.

For full particulars regarding this examination, and for any other information, application should be made to the Secretary of the Militia Council, Ottawa, Ont., or to the Commandant, Royal Military College Kingston, Ont.

Illinois—Of the 1,000 girls attending this university, not one has a perfect foot, declares Miss Moulton, director of physical training. This fact, she claims, is due to the shoe fashions.

Yale—The theory of athletics being injurious to the heart, may now be considered out of date. Of the 10,922 graduate athletes from Yale, only a very few have died from heart trouble.

DISSATISFACTION FELT BY WORSHIPPERS AT APPRODITE'S ALTAR

Visitors to Macdonald College Chafe Under Restrictions

St. Annes, Que., March 9th.—Great chagrin is felt by certain McGill students who make a practice of spending their week-ends at Macdonald College, because of the stringent rules governing fusing at that Institution. It is said by some of these unfortunate swains, who find themselves enthralled by the charms of certain fair agriculturists that under the rules it is forbidden to leave the reception room of the college unless accompanied by a third person. The desire for solitude, which is typical of the ardent fuser, is thus thwarted and many unique subterfuges are resorted to in order to overcome this dire hindrance to all progress along the path of true felicity. Still more to be regretted, is a regulation stating that when the curfew tolls at nine-thirty the dainty charmers must bid their beaux a fond farewell under penalty of a fine not exceeding fifty cents. This, indeed, it is claimed, is too strongly reminiscent of rural life, and for this reason many young ladies are prone to journey to the metropolis to meet their admirers. This method of fusing is computed to be cheaper than paying the fines which are assessed on a sliding scale, doubling every five minutes of overtime.

It is rumored in inner circles that at the next election for the Court of Honor, which body sees to it that these regulations are obeyed, several of the candidates will run for office on a platform, the principal plank of which will be "more freedom and no fines."

This article is published at great personal risk to your correspondent, but it is felt that these undue restrictions on the liberty of those who worship at the throne of Venus should receive full publicity.

ANNOUNCEMENTS

There will be a practice of the McGill Mandolin Club tonight at 7 o'clock at Peate's Studio. The election of officers for the ensuing year will then take place.

The students of the Medical Faculty are requested to remember that Dr. Roddick will address the Medical Society on the evening of Friday, March 14th, in the assembly hall of New Medical Building, on the subject of "The Roddick Bill." It is to be hoped a large attendance will be present to hear this important address. The full programme will be announced later through these columns.

Toronto—The Varsity hockey team expect to have Hanley, Strone, Sinclair, Laird, Aird, Jupp, and Knight back at College next year to start the season with. Frith, Barker, German, Clarkson and Webster will graduate this year.

Columbia—The total earnings of the two hundred students who worked last summer, and have handed in their reports to the university committee on student employment, was \$37,602.12 a twelve thousand dollar increase over the previous year.

"There was a fight on in our study last night."

"What went on?"

"Why, two erasers got rubbing it into each other in the scrap-basket."

—Harvard Lampoon.

PLAYER'S

NAVY CUT

Cigarettes

Each package of PLAYER'S contains one of our series of satin flags of all nations and a coupon, and with 25 of these coupons, you are entitled to a satin "Union Jack"—4½ x 6½ inches.

With the "Union Jack" and the satin flags, you can have made a most attractive pillow for your college room.

PLAYER'S NAVY CUT Cigarettes are England's richest and coolest smoke.

A LARGE ATTENDANCE IS EXPECTED AT CANADIAN CLUB MEETING

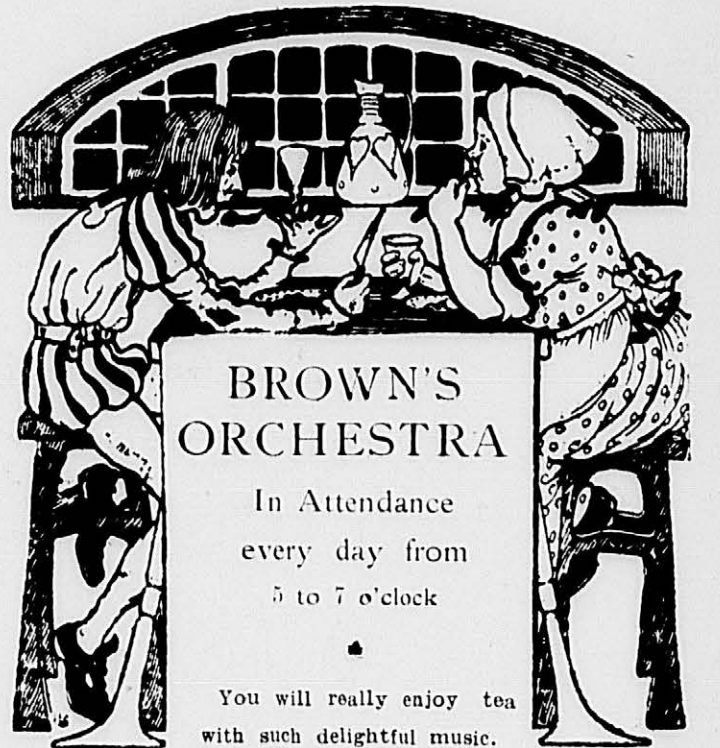

Interesting Address will be given by Mr. F.H. Clergue

As has been already intimated in our columns, the students of McGill will have honor and the privilege to listen to one of Canada's most successful business men—Mr. F. H. Clergue. Mr. Clergue has kindly consented to address this afternoon at five o'clock at Strathecona Hall the McGill Canadian Club on "The Hudson Bay and New Quebec." Mr. Clergue is most gratified to speak on the subject as he has travelled a good deal in the country which he is going to describe, with the idea of building a railway to connect Montreal with James Bay.

Mr. Clergue has already given an address on the same subject at the downtown Club, which Prof. Leacock declares to have been one of the most interesting he ever heard. Mr. Clergue has taken a great many photographs, which will be shown at the meeting.

It is sincerely to be hoped that a large number of students of all faculties will avail themselves of this opportunity to hear some definite facts about a country which is so rich in possibilities, but of which so little is known.

I'M SORRY

Coming down in the car this morning, a heavyweight planted himself on my toe. He said, "I'm sorry," but it did not help the toe any. A man who neglects to provide for his dependents or his old age may say, "I'm sorry," but it will not help matters very much in either case.
